

REMARKS

This Reply is being filed in response to the Notice of Non-Compliant Amendment dated January 22, 2008, indicating that the revisions to the title require markings to show what is added or deleted.

Applicant believes that there is no need to show markings of the revisions to the new title, since the old title was requested to be deleted and a new title added. However, to advance prosecution and expedite allowance, instead of deleting the old title and adding a new title, the current title is amended where markings show the additions/deletions.

Further, the Notice of Non-Compliant Amendment has box 1.A checked indicating the amended paragraphs of the specification do not include markings. This is not understood, since a review of the file wrapper in PAIR shows that the two amended paragraphs do indeed show markings. For convenience, these two amended paragraphs are included herein.

In addition, the Notice of Non-Compliant Amendment has box 2.B checked indicating the Abstract does not include markings.

Applicant respectfully point out that indeed the Abstract does not include marking since is it NOT a REPLACEMENT ABSTRACT, and rather is a NEW ABSTRACT, where the current Abstract is deleted in its entirety and substitute with the NEW ABSTRACT, which does NOT require any markings.

Applicant has made a diligent and sincere effort to place this application in condition for immediate allowance and notice to this effect is earnestly solicited.

Respectfully submitted,

By
